

# fresh breath<sup>®</sup>

by TROPICLEAN<sup>®</sup>

## EASY TO USE

- **Oral Care Water Additive:** Simply add one capful every time you refill their water bowl.
- **Clean Teeth Oral Care Gel\*:** Add two small dabs to each side of your pets mouth at bedtime for optimum results.
  - **Tip:** You'll notice your pet licking their lips. This is normal and helps spread the gel over their teeth and gums.
- **Oral Care Spray or Foam:** To quickly freshen breath, gently open your pets mouth and spray.

## WHAT MAKES US UNIQUE

### Safe and effective for everyday use!

- We use natural ingredients that remove plaque and tartar and freshen breath **WITHOUT BRUSHING!**
- Clinically proven to reduce plaque and tartar by up to 43% in just two months.
- NEW Flavors for our Clean Teeth Gel and Oral Care Sprays offer a fun variety for pets!

*\*TYPICAL RESULTS AFTER  
JUST 30 DAYS OF USING  
OUR PRODUCT AS DIRECTED*

# CONVERSATION STARTERS

- Would you like your dog/cat to have fresh breath?
- Did you know that 80% of dogs and 70% of cats show signs of oral disease by age 3?\*
- Did you know that BAD BREATH is one of the first signs of oral disease?

# KEY INGREDIENTS

- Decaffeinated green tea naturally defends against plaque and tartar.
- Carbomer is found in our gel and is a natural ingredient that makes it sticky. This enables the gel to cling to plaque and tartar for a more effective clean.
- 3DMicroGuard™ is our unique blend of natural ingredients that dissolve plaque and tartar, destroy bad breath and defend against new plaque formation. You'll find 3DMicroGuard™ in our Advanced Whitening products.
